

Product: AGAR
SANITISER
 Heavy Duty Cleaner

SANITISER is a concentrated, food grade cleaning and sanitising detergent for use in all kitchen areas. It is designed to remove fats, food and oils from all hard surfaces including pots, pans utensils, benches and floors while killing germs at the same time. SANITISER passes the TGA test for Hospital Grade Disinfectants (Clean conditions) at a dilution of 1 in 60. SANITISER is a phosphate-free product with Quaternary Ammonium Compound. SAFETY DIRECTIONS: Wear rubber gloves if prolonged skin contact may occur.

Application:

Kitchen Cleaning and Sanitising..... 1 in 80 * Walls, floors, benches, stainless steel and cabinets. * Apply with mop, cloth or sponge. Scrub then rinse thoroughly. * Stronger solutions may be used where soilage is heavy.
 Sink Washing 1 in 80 * Pots, pans, utensils cutlery. * Presoak if heavily soiled. * Rinse items in potable water and dry in racks.

APPLICATION:

	Light	Medium	Heavy
Dilute	1 to 100	1 to 80	1 to 60

First Aid: If poisoning occurs, contact a doctor or the Poison Information Centre (13 11 26). If swallowed, DO NOT induce vomiting. Give a glass of water. If skin contact occurs. Remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor.

WARNING: NOT TO BE TAKEN. KEEP OUT OF REACH OF CHILDREN. Read safety direction before opening/using. Refer to MSDS for more information

No other warranties are given in respect of the product or its fitness for any particular application and no warranties or conditions are to be implied.
