Stella

Ideal for commercial applications that require hours of continuous pressure cleaning. These electric hot water pressure cleaners are available with both single and three phase motors, and produce hot water up to 120°C.

Simple to use and easy to service this steam cleaner is changing the market's perception of what a steam cleaner should be.

Applications:

Professional cleaning applications such as:

- Schools
- Automotive/Car Yards/Car Detailers
- Farm use and factories use
- Construction
- Transport
- Council Depots
- Concrete and Machinery cleaning
